Email Protection and Backup for M365

Your insurance with Hornetsecurity

Are you still receiving a lot of spam messages or spending a long time searching for archived emails? Protect your business email communication with 365 Total Protection. But which solution is right for me?

Topic	Microsoft	Hornetsecurity
Guaranteed spam detection rate (SLA)	99%	99.9% spam 99.99% virus detection

Number of unknown spam emails, per detection rate for 1,000,000 received emails.

99.99% spam filter rate by Hornetsecurity

Topic	Microsoft	Hornetsecurity
Guaranteed detection rate in the following languages	Only in English	No language restrictions
User-friendliness for admins when searching for an email in the archive	Between 15-30 minutes	2 minutes including delivery for an email
Email security, compliance (signature & disclaimer, email encryption, continuity service), and backup all in one place	No	Yes
Individual and transparent advanced threats report for highly dangerous attacks	Not available	A report for the admin is generated for each analysis
Zero-day attacks (novel attacks that hit a system for the first time)	Viruses must be known. Filter results are only compared with other manufacturers.	Hornet detects and stops new viruses.
Email encryption (content and transport path)	Not available in EOP (Exchange Online Protection)	DSGVO-compliant encryption and email communication (S/MIME or PGP) encrypted)
Backup for M365 users	No	Unlimited backup (Teams, SharePoint, OneDrive, email)
DSGVO and GoBD compliant services	No	Yes
Protection against encrypted attacks (encrypted malicious attachments such as .zip or .archive files)	Not available in EOP (Exchange Online Protection)	Hornetsecurity can decrypt the encrypted and potentially harmful files and analyze them in the sandbox. This can only be done exclusively by Hornet and no other manufacturer.

Example attack via email with an encrypted and harmful file attached

Vergiftung durch Lebensmittel

Guten Tag,
 Ich habe mit meiner Familie in den letzten Tagen in Ihrem Restaurant gegessen und meine Ehefrau erlitt unmittelbar im Anschluss eine starke Lebensmittelvergiftung. 323492
 Zuerst dachten wir, es handle sich um eine Allergie-Reaktion, aber es war wohl eher auf die Qualität der Speisen zurückzuführen, die uns serviert wurden.
 Mein Anwalt ist mit der Vorbereitung einer Klage beschäftigt. Die anfängliche Meinung unseres Arztes habe ich angehängt. Passwort 6521
 Ich würde es vorziehen, wenn wir diese Angelegenheit unter uns regeln könnten – im beidseitigem Interesse.

Ich erwarte Ihre Antwort, 136365317.doc
